

Tire Technician
Lynch Livestock, Inc.
Humeston Tire and Repair

SUMMARY:

Responsible for inspecting, installing, repairing, and replacing tires on cars, trucks and other vehicles.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Must be capable of regular and predictable attendance
 - Able to work overtime and weekends as needed
 - Able to work holidays as needed
- Inspect tires for signs of wear and areas for potential failure. The technician examines tires' treads to determine if they are wearing evenly, checks for debris that has lodged within the treads that pose a puncture threat, and runs diagnostic tests to see if the tires are properly balanced and securely attached.
- Make tire repairs if they believe the tire does not need to be replaced. These repairs tend to include patches to repair cracks or holes in the tire's tread but can also involve replacing individual tire components such as valve tubes.
- Periodically rotate tires to ensure they are wearing evenly.
- Replace a customer's tires to ensure safe vehicle operation. After installation the tire technician checks the tire's seals and balances the new tires.

QUALIFICATIONS:

- Excellent communication skills
- Own tools
- Advanced education/trade school beneficial
- Ability to maintain a culture committed to teamwork, support, quality, and dedication
- Mechanical aptitude
